How to download files posted on our website via Microsoft Edge

If you see an alert "***.zip isn't commonly downloaded. Make sure you trust ***.zip before you open it" when you download "Driver" and "Utility API", please follow the following procedure.
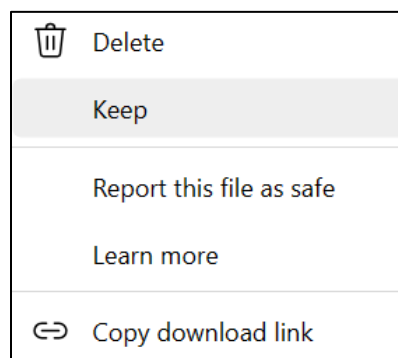

【Step 1】

Place the cursor over the alert which is popped up after clicking "Download".

Click "…" (Three point reader) shown and select "Keep".

【Step 2】

Click "Show more" and then "Keep anyway" shown. The procedure completes.

⚠ Make sure you trust SR-450USBDriver.zip before you open it

Microsoft Defender SmartScreen couldn't verify if this file is safe because it isn't commonly downloaded. Make sure you trust the file you're downloading or its source before you open it.
